

# EVERGREEN ♦ EAST HILLS VISION STRATEGY

---

## COMMENT CARD

Thank you for sharing your ideas, questions, comments and suggestions about the Evergreen♦East Hills Vision Strategy.

Don't proceed with the plan because it will create a huge traffic problem, school congestion and deterioration of life quality. Also base on the previous ESP plan which we have already set aside money. But no sign of realization. ~~But~~ development (eg. the Folsom park) Who is going to be responsible for all the problems. The planner should be responsible for it! Think about <sup>the</sup> residents here. Don't just grab the money and run!
